

# PLUG OVERVIEW:

## Button

- Press once to manually control the switch (Turning plug “On” or “Off”)
- Press and hold for 10 seconds to reset the software  
(LED will flash red and green and SmartPlug will reset upon release.  
Use app to reconfigure network settings)

## Wi-Fi Status Indicator

- 🟡 Flashing Green: SmartPlug is searching for a Wi-Fi network
- 🟢 Solid Green: SmartPlug is connected to a Wi-Fi network
- 🔴 Flashing Red: SmartPlug is disconnected from a Wi-Fi network

## Power On/Off Status Indicator

- Lights up when SmartPlug is “On” and electricity is flowing through
- Power indicator will blink once when firmware is successfully installed

### Electrical Ratings

120V Volts AC, 60Hz

15A

1800W

### Safety Warnings

- Plug directly into electric outlet (not into extension cord)
- For indoor use only
- Remove Smartplug from outlet before cleaning
- DO NOT clean with liquid
- DO NOT remove ground pin (middle pin)
- DO NOT use in wet or damp areas
- Keep children away from SmartPlug and outlet
- DO NOT exceed the recommended electrical ratings
- DO NOT use in precision timing applications where inaccurate timing could be dangerous (sunlamps, saunas, etc.)
- DO NOT use with devices that should not be operated unattended

### Recommendations

- Test device locally for safe operation before attempting to control it remotely
- DO NOT use with an outlet controlled by a wall switch as the switch may be off

## QUICK START GUIDE

1. Make sure your mobile device is connected to your preferred Wi-Fi network.
2. Download and open the free **iHome Control** app from the App Store or Google Play.  
*(Apple: iOS 8.1 or later; Android: Jelly Bean 4.2 or later)*
3. Log in or Sign Up for an iHome account.
4. Plug the SmartPlug into a desired outlet. The Green LED will start blinking to indicate it is ready for setup.
5. Tap "Search for Devices" and follow the on-screen directions to complete setup.
6. When prompted, enter the Accessory Setup Code below to complete setup.

PIN LABEL

**Note:** To add more plugs (or repeat the plug setup process), tap the "**Devices**" icon and then tap "**Add Device.**"
