

# wink LOOKOUT

## QUICK START GUIDE

### 1. PLUG IN

#### Plug in and connect Wink Hub 2 to your router

Find a spot for your hub, centrally located in your home. Connect the hub directly to your router using the included Ethernet cable, or skip this step if you want to use Wi-Fi.

### 2. SIGN UP

#### Download or update the Wink app

Visit the iTunes App Store or Google Play to download the latest version of the Wink app.

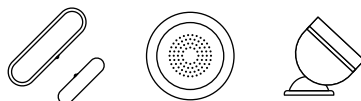

### 3. CONNECT

#### Create an account

Sign up or sign in to your Wink account to get started with Wink Lookout.

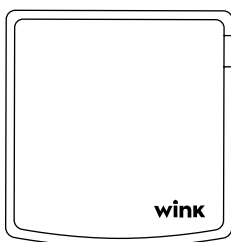

### 4. POWER ON

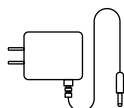

#### Set up your security essentials

Follow the guided steps in the Wink app to power on and install your sensors and siren in the desired location.

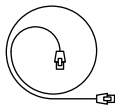

### What's Included

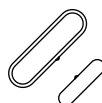

Wink Hub 2

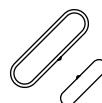

Power Adapter

Ethernet Cable

Door/Window Sensor 1

Door/Window Sensor 2

Motion Sensor

Siren & Chime
